## ABOUT US

At Westbridge Solutions, we are more than just a boutique management consulting firm; we are data-driven, learning-centered, people-first consultancy. Our core mission is to empower professionals for resounding success through data-driven strategies. We specialize in enhancing the essence of diverse organizations by providing them with customized resources, tools, and concrete solutions to address their unique pain points. Our commitment lies in uplifting diverse workplaces, fostering profitability, and enhancing productivity. With a dedicated focus on cultivating progressive and innovative environments, we equip our clients with superior skill training, empowering them to achieve their goals and thrive in their respective fields. We are a Woman-Owned, Minority-Owned Small Business, committed to client service excellence, while empowering professionals for success.

## KEY DIFFERENTIATORS

- ✓ We are Data-Driven
- ✓ We are People-Centered
- ✓ We are Solutions-Oriented
- ✓ We provide services in multi-lingual formats.
- ✓ We provide strategies tailored to our clients unique and specific needs through a combination of business & DEI strategies.
- ✓ Our CEO is a Certified Diversity Executive® (CDE®)

## CORE COMPETENCIES

- **Consulting** - At Westbridge Solutions, we believe in data-driven diversity and innovation. We gain strength by cultivating an environment where the brightest ideas and unique perspectives delegate you to success and better profitability. We go that extra mile to hire and acknowledge the talents of a global workforce alongside creating an inclusive environment empowering us to meet our clients' and employees' goals better, bringing their unique differences to work and genuinely capitalizing on opportunities.
- **Diversity, Equity & Inclusion** - We provide our clients with the training and development programs that will have the most effective and transformational impact, through data-gathering, assessments, customized programs and innovative strategies.
- **Strategic Planning** - We help organizations solve challenges by offering a wide range of services, such as conducting assessments and developing insights based on data, providing objective feedback about current practices and proposing solutions, and managing company-wide initiatives.
